

CREEPER AQ Low Fog Generator

CREEPER AQ is a water based low fog generator, different from most of low fogger on the market, CREEPER AQ based on ultrasonic technology, the main consumable is purified water, no need dry ice, ensure it not only environmental friendly, but also more cost effective.

Features

- \ Water based, no need of dry ice
- \ Molded enclosure, lighter, durable as well as rustless
- \ More atomizers, thicker fog output
- \ Weather proof design
- \ Abrasion-resistant silent caster
- \ Latest rapid heating technology, 1-2min heating up time
- \ Advanced auto water refill system
- \ Low-water sensor
- \ Multi-optimized air supply system, ensure farther and more uniform fog output
- \ Adjustable fog density, moisture and fan speed, versatile application to meet different requirements
- \ Patented fog leakage prevention technology, no fog leakage even refill the machine when it is working
- \ 3.3L fluid tank
- \ User friendly LCD control panel
- \ DMX control, 2/3 channels optional
- \ Wireless remote control
- \ Seetronic® IP65 rated 3-pin and 5-pin XLR connector

Specifications

Dimension

805 x 390 x 480 mm

Net Weight

35 kg

Input

200-240VAC, 50/60 Hz

100 -120VAC, 50/60 Hz

Work power

2000W

Heat up time

Appr. 1-2min

Fog output

15000cuft/min

Consumable

FX-M Fog Fluid, Water

Fog fluid tank capacity

3.3L

Max. Fluid Consumption

Appr.32ml/min

Water tank capacity

24L

Max. Water Consumption

Appr.375ml/min

Interface

3-pin & 5-pin XLR

Control

DMX, 2/3 channels

Remote control
