

SPARKULAR JET

SPARKULAR JET is another brand new effect originally invented by SHOWVEN. It generates a flashing SPARKULAR effect up to 10m. Built-in automatic air compressor, no external pressure tank needed, make it easier for setup and fewer usage restrictions. Variety nozzle adaptors optional, ensure SPARKULAR JET to achieve various firing angles and multi visual effects. It is an ideal effect for shows, opening ceremony, concert, sports etc.

Features

- Flashing SPARKULAR effect invented by SHOWVEN
- Effect similar to 1s fountain fireworks, but without gunpowder, no smoke and no pyro smell and can be repeatedly use
- Effect height adjustable from 5 to 10m
- Patented auto air compression technology, no external pressure tank needed
- Nozzle adaptors optional, achieve various firing angles
- Stainless steel housing
- Multi internal safety design
- DMX control, easy setup and installation
- Neutrik powerCON TRUE1 connectors

For safety use, please don't touch sparks with hands or other flammable objects

Specifications

Dimension

300 x 270 x 257 mm

Weight

13 kg

Input and Power

100-240VAC, 50/60 Hz

350W

Fountain Height

HC8200 LARGE: 5-10m

HC8200 MEDIUM: 5-8m

Hopper capacity

350g

Consumable Consumption

10g/shot

Interface

NEUTRIK POWERCON TRUE1 IN/OUT

3-pin XLR IN/OUT

DMX channels

2

Housing material

304 stainless steel

Optional Nozzle

Nozzle with adjustable firing angle

Triple head nozzle
